PRIDE AND OWNERSHIP-A FIREFIGHTER'S LOVE FOR THE JOB
Saturday May 2nd, 0800-1700 hours**

Pride and Ownership holds no punches. Chief Rick Lasky takes a hard look at the fire service and finds it short on the only element that makes it effective: passion. Chief Lasky gives an upfront and honest criticism about the need to reignite the love of the job on every level, from chiefs on down.

There's nothing else in the world like being a firefighter. Every day Chief Lasky remembers why his job is the best in the world and he brings that passion to *Pride and Ownership*. Chief Lasky revisits the proud history and tradition of the fire service and reflects on the family values and brotherhood that have made firefighting a truly family-oriented vocation.

**IDAHO FALLS FIREMEN JEFF PARSONS AND RICK SAUNDERS
RULES OF AIR MANAGEMENT (ROAM)
Friday May 1st, 1700-2100 hours**

What is your department's attitude on SCBA air management? What is *your* attitude on this critical piece of PPE? How well do you know your SCBA? How often do you train to know it better? This class is inspired by firemen from the Seattle Fire Department who have endeavored to change the SCBA culture in the American Fire Service. Jeff and Rick will present a no nonsense approach to learning your SCBA, performing effective drills with it on a regular basis, and learning to utilize it safely and effectively in the heat of battle. They will demonstrate that a cultural change in how we manage our air on the fireground is necessary, and how to go about starting that change in your own department.

Come to one class or attend both. Lunch, breaks, and a T-shirt will be provided for registrants of Saturday's class. There will be a BBQ after Chief Lasky's class on Saturday. Your family's presence is encourage at the BBQ.
